

Re: P & P draft letter on
SR.

1. The information in this letter is almost identical with that supplied by us about 6 weeks ago when the matter came up and could have been prepared without delay on the basis of our own records with a minimum of further checking.

2. Par. 4 d. states that Guatemala is in an advanced stage of cons. coordination with IAC. The draft of this report has not yet been received in D/Pub. If there is any coordination, it is "very much" less. The

in par. 5 & in a
different and more
appropriate category. Par.
4 & should be corrected
accordingly.

3. It is my
understanding that we
may still ask for contributions
from the agencies for the
military section but that
this is "permissive" ^{could this} to add?

4. It might be well
to point out that
limiting comment to
sections of primary interest
is provided for in
DCI 3/2.

is a proper follow-through,
an ORE notice of some
kind should also be
issued for an indication
and an instruction for the
divisions.
